Thierry GUEORGIU,
13 times world champion!

noname

NONAME, PARTNER OF FRENCH NATIONAL ORIENTEERING TEAMS FOR THE PERIOD 2016-2018

French Orienteering Federation and NONAME have decided to renew their partnership until 2018. Historical partner of FFCO since 1 January 2005, once again Noname will support French national orienteering teams.

Michel EDIAR, French Orienteering Federation President

« A new generation of elite runners begin to achieve significant results in the world events. We are very pleased that our partner, NONAME, continues to be with us for a new cycle, in which we hope very many medals and so contribute to the growth of our supplier. »

Peter IVARS, Noname managing director

« Noname has decided to continue the long term relationship that we have had with the French Federation for many years already. We appreciate the effort the Federation puts into developing orienteering in France and we are delighted to follow the great results they have achieved during the last years. For us it was an easy decision and we look forward to follow the new generation of orienteers in France. »
